Dear Client,

You have just taken a very positive step by deciding to seek counseling. We are happy that you have chosen The Maple Counseling Center (TMCC) and want to take a moment to tell you a little about this remarkable nonprofit agency.

We started in 1972 when concerned Beverly Hills volunteers began working on problems of teenage drug abuse. Now we are considered one of the most comprehensive and innovative community mental health and counseling centers in the country.

The Center is open to anyone regardless of where you live. Fees for counseling are on a sliding scale, based on your ability to pay. As you know, we do ask that you prove financial need with appropriate documentation. Since we have an annual budget of more than $1 million, client fees help to keep the Center open. The rest of the revenue comes from grants, fundraisers and donations. Every time a client is seen, it costs the Center significantly more than our average fee per session for counselor supervision, training and overhead expenses. You can and should discuss any concerns regarding your financial status with your counselor especially if your financial situation should change or improve. Additionally, once per year your fee will be reevaluated and if it is determined you are able to pay more, your fee may be adjusted.

More than 500 clients are seen each week in individual, couple, family or group therapy. We offer parenting classes and support groups for divorce, seniors, women’s issues, bereavement and other relevant topics. The Center recognizes the special needs of seniors with a senior peer counseling program for those over the age of 62. The Center has outstanding programs for families and their children. In the Beverly Hills Schools District, our counselors provide one-on-one and group sessions. Volunteers run a highly effective after school academic tutoring program and Community Circle groups to help children enhance self-esteem and communication skills.

The Center prides itself on its ability to respond to community needs and crisis situations. In 1998, the Center initiated a crisis response team program to respond quickly to traumatic situations. A team is sent out to an accident scene at the request of the Beverly Hills and West Hollywood police and fire departments. Victims of burglary, car accidents, domestic violence, shootings and other trauma situations are given short term crisis intervention and support free of charge.

Our intern training program is highly sought after and attracts top candidates seeking licensure as PhD’s, social workers and marriage, family and child counselors. The Center has an excellent reputation for its intensive supervision and training curriculum.

We invite you to learn more about the Center. Feel free to ask about the many services available for you and your family. Welcome to the Center – we hope it will be a positive experience for you.

Warmly,

Sharon Schwartz, PhD
Assistant Clinical Director

Consent for Treatment of a Family or a Child

Please read carefully

This is to certify that I give permission to The Maple Counseling Center (TMCC) for my family or child’s participation in therapy. The names of the family members in therapy are outlined below. Additional children may be listed on the back of page 2.

Name of Child: __________________________ Date of Birth: _____ Age: _______

Name of Child: __________________________ Date of Birth: _____ Age: _______

Mother’s /Legal Guardian’s Name: __________________________ Date of Birth: _____ Age: _______

Father’s/Legal Guardian’s Name: __________________________ Date of Birth: _____ Age: _______

I. Fees and Appointments

1. Appointments are 50 minutes, and ordinarily take place one time per week. Your family/child’s specific hour is held by their counselor from week to week. If your family/child is unable to keep an appointment, please contact their counselor to cancel as soon as possible.

2. During your initial appointment you will be assigned a fee for your weekly sessions. We ask that you pay your counselor at the beginning of each session on a weekly basis. We reserve the right to suspend therapy for services rendered and not paid for after three sessions.

3. You are allowed to cancel four sessions within a one-year period. The one year will commence on the date of your family/child’s intake/initial appointment. After four cancelled appointments you will be responsible for the payment of any future sessions that your family/child does not attend within the balance of that one-year period. If you are able to reschedule your family/child’s appointment within five working days it will not count as one of the four allowed missed sessions.

4. If you miss an appointment and have not contacted your counselor prior to the missed appointment, it will not be considered one of your four cancellations and you will be charged for that “no show” appointment.

5. There will be a $14.00 service fee for any returned checks. If determined that therapy will continue, you must agree in writing to a specific payment plan to reduce your overdue balance to zero, while continuing to pay the weekly agreed upon fee.

6. You can and should discuss any concerns regarding your financial status with your counselor especially if your financial situation should change or improve. Additionally, once per year your fee will be reevaluated and if it is determined you are able to pay more, your fee may be adjusted

II. Confidentiality

1. Communication between you and your family/child’s counselor is both privileged and confidential. This means that without your written permission the counselor cannot discuss your family/child’s case orally or in writing, except with The Maple Counseling Center clinical supervisors and staff.

2. Your counselor has an ethical and legal obligation to break confidentiality under the following circumstances:

   a. If there is a reason to believe there is an occurrence of child, elder or dependent adult abuse or neglect.
   b. If there is reason to believe that your child or a member of your family has serious intent to harm themselves, someone else, or property by a violent act they may commit.
   c. If you introduce a family member’s emotional condition into a legal proceeding, or your counselor is subpoenaed to give testimony.
Client Name: __________________________
Account # ____________________________

   d. If you disclose that you knowingly develop, duplicate, print, download, stream, or access through any electronic or digital media or exchanges, a film, photograph, video in which a child is engaged in an act of obscene sexual conduct.
   
e. If there is a court order for release of your records.

III.  
Training and Supervision
1. The Center is a training center for Masters or Doctoral level counseling and psychology interns and for paraprofessionals. All Interns are under the direct supervision of licensed mental health professionals.
2. In order to ensure that counselors receive the best possible training, and that clients are well served, some sessions will be video or audio taped. Tapes are viewed by The Maple Counseling Center counselors and clinical supervisors only, and are erased in a timely manner. There will be advance notice of a taping and it will be with your full and complete awareness. You must agree to have your family/child’s sessions taped in order to receive services at The Maple Counseling Center.
3. The intern who is assigned to you is on a time-limited, contractual basis with TMCC. Therefore, it is possible that the intern may leave TMCC prior to the end of your therapy. If this does occur TMCC will do everything possible to ensure a smooth transfer to another counselor.

IV.  
Counselor Availability and After Hours Emergencies
Counselors check for voice mail messages during normal business hours. Messages left outside of normal Maple Center hours of operation will be picked up the next business day. If you have an emergency that needs immediate attention you may need to seek assistance at the nearest emergency services department.

V.  
Child Care Release
The Center does not provide child care and is not responsible for children and adolescents left unsupervised. If you must leave your child in the waiting room during a session, please be advised that children under 10 must have appropriate supervision. Children over the age of 10 will be allowed to wait in the waiting room at the discretion of The Center staff.

VI.  
Client Rights and Responsibilities
1. You have the right to end your family/child’s therapy at any time, for whatever reason, without any obligation except for fees already incurred.
2. You have the right to question any aspect of your family/child’s treatment with your counselor and to expect that we will work with you to meet your needs for adjunctive or alternative treatment.
3. If your child sees a counselor individually, you have the right to expect that their counselor, as requested, will communicate with you about your child’s therapy. However, as the establishment of trust between your child and their counselor is important for a successful therapeutic outcome, we ask you to keep in mind your child’s need for privacy.
4. I realize that if my child is seen in therapy, both parents will be asked to participate in the treatment. This may involve family treatment, parent meetings between you and your child’s therapist, or individual therapy for each parent. Your therapist may share information regarding issues that arise in the course of the therapy with either parent.
5. You have the right to expect that your counselor will maintain professional and ethical boundaries by not entering into other personal, financial, or professional relationships with you, which would greatly compromise the therapeutic relationship.
6. The Center does not provide psychological testing, acting as a witness in court cases, or report writing of any kind (except for providing evidence of attendance, upon request). I agree that I will not request any of these services from TMCC.
7. Therapy involves a partnership between therapist and client. Your family’s therapist will contribute knowledge, skills, and a willingness to do his/her best. The determination of success, however, is largely dependent upon your commitment to your family’s personal growth and care. Your signature below indicates that you have read and understand this information and have received a copy of this consent form and give permission to TMCC to provide counseling services and that this contract is binding for all future sessions you may have with this agency.

There will be advance notice of a taping and it will be with your full and complete awareness. You must agree to have your family/child’s sessions taped in order to receive services at The Maple Counseling Center.
3. The intern who is assigned to you is on a time-limited, contractual basis with TMCC. Therefore, it is possible that the intern may leave TMCC prior to the end of your therapy. If this does occur TMCC will do everything possible to ensure a smooth transfer to another counselor.

IV. Counselor Availability and After Hours Emergencies
Counselors check for voice mail messages during normal business hours. Messages left outside of normal Maple Center hours of operation will be picked up the next business day. If you have an emergency that needs immediate attention you may need to seek assistance at the nearest emergency services department.

V. Child Care Release
The Center does not provide child care and is not responsible for children and adolescents left unsupervised. If you must leave your child in the waiting room during a session, please be advised that children under 10 must have appropriate supervision. Children over the age of 10 will be allowed to wait in the waiting room at the discretion of The Center staff.

VI. Client Rights and Responsibilities
1. You have the right to end your family/child’s therapy at any time, for whatever reason, without any obligation except for fees already incurred.
2. You have the right to question any aspect of your family/child’s treatment with your counselor and to expect that we will work with you to meet your needs for adjunctive or alternative treatment.
3. If your child sees a counselor individually, you have the right to expect that their counselor, as requested, will communicate with you about your child’s therapy. However, as the establishment of trust between your child and their counselor is important for a successful therapeutic outcome, we ask you to keep in mind your child’s need for privacy.
4. I realize that if my child is seen in therapy, both parents will be asked to participate in the treatment. This may involve family treatment, parent meetings between you and your child’s therapist, or individual therapy for each parent. Your therapist may share information regarding issues that arise in the course of the therapy with either parent.
5. You have the right to expect that your counselor will maintain professional and ethical boundaries by not entering into other personal, financial, or professional relationships with you, which would greatly compromise the therapeutic relationship.
6. The Center does not provide psychological testing, acting as a witness in court cases, or report writing of any kind (except for providing evidence of attendance, upon request). I agree that I will not request any of these services from TMCC.
7. Therapy involves a partnership between therapist and client. Your family’s therapist will contribute knowledge, skills, and a willingness to do his/her best. The determination of success, however, is largely dependent upon your commitment to your family’s personal growth and care. Your signature below indicates that you have read and understand this information and have received a copy of this consent form and give permission to TMCC to provide counseling services and that this contract is binding for all future sessions you may have with this agency.

Adolescent Counseling Information

What to expect from therapy:
You can expect that I will do my best to understand your concerns. I will listen non-judgmentally and provide an opportunity for you to learn more about yourself and hopefully together we will find better solutions to the challenges in your life.
You can expect that what we discuss will be kept private.

There are a few exceptions, and here they are:
1. You tell me that you plan to hurt yourself or someone else.
2. You tell me that you are being abused physically, sexually, or emotionally, or that you have been abused in the past.
3. You are involved in a court case and a request is made for information about your counseling or your therapy.
4. You tell me that you are or have engaged in a sexual relationship with someone who is significantly older than you. In most cases I would be required by law to report this to Child Protective Services.

What to expect about my communications with your parent or guardian: Generally speaking...
I will keep the specifics of what you share with me private.

There are few exceptions, and here they are:
1. If I do hear that you are involved in risk-taking behavior that becomes serious, then I will need to use my professional judgment to decide whether I must inform your parent/guardian, or we will discuss how to share this with your parent(s) together.
2. Even though I am committed to keeping your information confidential, I may believe that it is important for your parent/guardian to know what is going on in your life. In these situations we will work together to find the best way to discuss these things with your parent(s).
3. When meeting with your parents I will discuss challenges and progress that you have made in counseling. Generally speaking, I will talk about themes rather than specifics. The purpose of meeting with your parent(s) is to support our work together and to facilitate improved family relationships.

What I expect from you:
1. You agree to attend therapy sessions as scheduled and participate to the best of your ability.
2. You agree to participate in goal setting and take an active role in making positive life changes.
3. You agree to talk with me if you have thoughts or feelings about harming yourself or someone else.
What I expect from your Parent/Guardian:
